*Inspiring giving and bringing together  
people and resources to make a difference in Vermont.*

# COMPONENT FUNDS

## 2022

Gifts to the Vermont Community Foundation come from several sources: from individuals and families, both during their lifetimes and via bequest, and from private foundations, corporations, and nonprofit organizations. With their gifts, many donors create and build charitable funds within the Foundation for a wide range of purposes. All of these component funds help achieve our desired goal of sparking philanthropy, increasing its effectiveness, and fueling its growth for the good of Vermont.

The Foundation is a family of 979 funds. When a fund is established the donor names the fund and defines its purpose. Many funds bear the donor's name; others are anonymous, while some are identified as memorials or have a designated recipient organization. We offer various fund types to help people achieve their philanthropic goals. Included in the total number of funds, but not listed here, are planned gifts, such as Charitable Remainder Trusts and Charitable Gift Annuities.

Following is a list of the Community Foundation's component funds as of December 31, 2022.

An important note: Some component funds offer competitive grants for Vermont nonprofit organizations seeking support. Grantseekers are encouraged to visit [www.vermontcf.org/AvailableGrants](http://www.vermontcf.org/AvailableGrants) to learn about specific guidelines and deadlines for submitting proposals. If you have further questions about funding eligibility, please contact one of our philanthropic advisors.

# NONPROFIT FUNDS

*These funds have been established directly by Vermont 501(c)(3) charitable organizations and municipal entities to provide ongoing annual support for their programs and operations. There are two types of nonprofit funds at the Foundation: an **Endowment Fund** designed for nonprofit organizations that want to protect medium- to long-term assets while receiving relatively even annual distributions, and a **Reserve Fund** designed for organizations that want the same qualities as an Endowment Fund, but also desire the flexibility of access to the full balance of the fund.*

*There are many advantages to having the Foundation steward a nonprofit fund, such as professional investment management, administrative support, and financial record keeping.*

## SUPPORTING ORGANIZATIONS

*“Supporting Organizations,” affiliated under special provisions of Section 509(a)(3) of the Internal Revenue Code, support charitable programs that advance the general mission of the “supported” public charity, in this case, the Vermont Community Foundation. We offer this form of charitable partnership as a cost-efficient and tax-wise alternative to private foundations for individuals and families seeking the feel of a private foundation but in partnership with the community foundation’s expertise and community knowledge.*

*Each Community Foundation-stewarded supporting organization retains its distinct identity, including separate legal status, governing boards, and investment management. Benefits include favorable tax treatment and exclusion from various restrictions placed on private foundations, access to Community Foundation staff services, and a greater governance role.*

**Addison Community Athletics Foundation**

**The Curtis Fund**

**J. Warren and Lois McClure Foundation**

**Let’s Grow Kids**

## EMERITUS FUNDS

*Following is a list of funds that have been closed.  
The Vermont Community Foundation wishes to extend its deepest gratitude to fundholders  
for embracing the spirit of giving and making a lasting impact on Vermont communities.*

*This same spirit guides us today as we strive to spark philanthropy,  
increase its effectiveness, and fuel its growth for the good of Vermont.*
